

Aspect	Final Solution
User Experience	Categorized clinics by city simplifies navigation.
Ease of Booking	Direct clinic selection with clear details and images.
Technical Complexity	Low; straightforward implementation of static data.
Accessibility	Focused on a simpler, universal interface for all.
Development Time	Low; quick implementation with city-based filtering.
Data Accuracy and Reliability	Static data reduces dependency on external factors.
Practicality	Focused, easy-to-use, and accessible for everyone.
